**PORTFOLIO**

## EXPERTISE SKILLS

- JavaScript
- TypeScript
- React Native(primary framework)
- React JS (primary framework)
- Next JS
- Ionic
- Angular
- Cordova
- Redux
- MobX
- HTML
- CSS (with UI libraries and frameworks like Tailwind CSS, Material-UI, Ant Design, Bootstrap, Styled Components, Sass, LESS ect.)
- Git (Github, GitLab, Bitbucket)
- WebSockets (Socket.io)
- GraphQL
- RESTful APIs
- CI/CD (Continuous Integration/Continuous Deployment)
- JIRA
- Trello

## SOFT SKILLS

- Problem-solving
- Conflict resolution
- Leadership
- Collaboration
- Decision-making

01

## PROFESSIONAL PROFILE

With 4 years of experience as a Front-End Developer specializing in React and React Native, I am passionate about leveraging my skills to drive innovation and create engaging user experiences. I am dedicated to continuous learning and professional growth, and thrive in collaborative environments where I can contribute to a dynamic team. My strong work ethic, adaptability, and focus on delivering impactful solutions make me eager to contribute to and grow within a forward-thinking organization.

02

## EXPERIENCE

### ArmMage

May 2024 - Present

#### Mobile Developer

[www.armmage.com](http://www.armmage.com)

- Led the development and enhancement of mobile applications using React Native, delivering high-quality solutions with a focus on performance and user experience.
- Collaborated closely with designers and backend engineers to implement new features, ensuring smooth integration and a polished final product.
- Collaborated with designers and backend teams for seamless app functionality and integration. Provided post-launch updates and maintenance to keep apps current with client needs.

### Private

Nov 2021 - Present

#### Freelance Programmer/app Developer

- Developed web and mobile applications using React and React Native, with a focus on data integration and user-friendly interfaces.
- Managed data collection, analysis, and API integration (GraphQL, REST) to ensure efficient data flow.
- Implemented dashboards and data-driven features to enhance decision-making and performance tracking.
- Collaborated with designers and backend teams for seamless app functionality and integration. Provided post-launch updates and maintenance to keep apps current with client needs.

### Locator CJSC

Feb 2022 - Mar 2024

#### React Native developer

[www.locator.am](http://www.locator.am)

- Implemented core features in the company's mobile app using React Native, focusing on improving app stability and functionality.
- Integrated real-time communication via WebSockets, enhancing live tracking capabilities and creating a smoother user experience.
- Integrated real-time communication via WebSockets, enhancing live tracking capabilities and creating a smoother user experience.
- Participated in code refactoring efforts, making the app more maintainable and scalable for future development.

- Communication
- Time management
- Adaptability

## LANGUAGE

English (**Advanced**)

Armenian (**Native**)

Russian (**Advanced**)

## CERTIFICATION

*"React JS" course Organized by ACA*  
**Certificate**

### Candy Wings CJSC

Feb 2022 - May 2025

#### Front End Developer

[www.candywings.com](http://www.candywings.com)

- Developed key front-end components for an e-commerce platform using React JS, with a focus on providing a user-friendly interface.
- Optimized API interactions and implemented performance enhancements, ensuring smooth and fast page load times.
- Worked closely with backend teams to ensure seamless data exchange between the client and server sides.

### Tumo Center for Creative Technologies

Feb 2022 - May 2025

[www.tumo.org](http://www.tumo.org)

#### Programming & Robotics Workshop Leader

- Led workshops teaching programming and robotics to students, fostering a creative and engaging learning environment.
- Designed and implemented curriculum materials, guiding students in the completion of hands-on projects.
- Provided mentorship to students, helping them apply theoretical knowledge to practical challenges.

03

## ADDITIONAL EXPERIENCE

### Locator CJSC

Jan 2017 - Feb 2022

#### Technical Writer

[www.locator.am](http://www.locator.am)

- Authored and maintained comprehensive technical documentation, including API guides and troubleshooting manuals, for both internal and external use.
- Collaborated with development teams to ensure clear and accurate documentation was available for product launches. Collaborated on product development and authored technical documentation.
- Helped streamline the knowledge base, making it easier for users and teams to find relevant information.

### LT-Pyrkal CJSC

Dec 2015 - Jan 2017

#### Electrical Engineer

[www.lt-pyrkal.com](http://www.lt-pyrkal.com)

- Developed and tested electrical systems for engineering projects.
- Resolved complex technical issues in collaboration with multidisciplinary teams.
- Conducted performance simulations and maintained technical documentation.

### Technology & Science Dynamics CJSC

Jan 2014 - Nov 2016

#### R&D Engineer

[Technology & Science Dynamics](#)

- Developed and tested electrical systems for engineering projects.
- Resolved complex technical issues in collaboration with multidisciplinary teams.
- Conducted performance simulations and maintained technical documentation.

04

## EDUCATION

### Masters degree / Faculty of Mechanical systems

National Polytechnic University of Armenia (2016 - 2018)

### Bachelor degrees/Faculty of Radiophysics

Yerevan State University (2012 - 2016)
