Gayane Grigoryan

PROFESSIONAL PROFILE

Performance-driven Senior Frontend Engineer with over 5 years of experience specializing in the React ecosystem (React.js, Next.js, and React Native). Expert in building scalable Web3-integrated applications and high-performance user interfaces. Proven track record of leading mobile and web initiatives, optimizing complex API architectures, and delivering robust, secure decentralized solutions in collaborative environments.

TECHNICAL EXPERTISE

- Languages & Core: JavaScript, TypeScript, HTML5, CSS3/Sass/LESS.
- Frontend Ecosystem: React Native (primary framework), React.js, Next.js, Ionic, Angular.
- State Management: Redux / Redux Toolkit, Zustand, MobX, React Context API.
- Web3 & Blockchain: WalletConnect, MetaMask SDK.
- UI & Design Systems: Tailwind CSS, Material-UI (MUI), Ant Design, Styled Components, Bootstrap.
- Architecture & APIs: RESTful APIs, GraphQL, WebSockets (Socket.io), Telegram Bot API.
- DevOps & Tools: Git (GitHub, GitLab, Bitbucket), CI/CD Pipelines, JIRA, Trello, Agile/Scrum.

EXPERIENCE

Golden SB Tech Group

Apr 2025 - Present
www.goldensbtech.com

Senior Mobile Application Developer

- Built and maintained cross-platform mobile apps using React Native, integrating deeply with Web3 protocols.
- Integrated WalletConnect, MetaMask, and Trust Wallet for secure decentralized authentication and signing.
- Built reusable components to display live on-chain data using Ethers.js and Web3.js.
- Designed robust transaction flows with signature handling, error states, and confirmation UX.
- Leveraged The Graph, Alchemy, and Moralis for efficient blockchain data indexing.
- Delivered real-time trading interfaces using WebSockets and APIs like CoinGecko and Chainlink.

ArmMage

May 2024 - Apr 2025
www.armmage.com

Senior Frontend Developer / Mobile Developer

- Led the development and enhancement of mobile applications using React Native, delivering high-quality solutions with a focus on performance and user experience.
- Collaborated closely with designers and backend engineers to implement new features, ensuring smooth integration and a polished final product.
- Collaborated with designers and backend teams for seamless app functionality and integration. Provided post-launch updates and maintenance to keep apps current with client needs.

NDA (Non-Disclosure Agreement)

Frontend Developer / Mobile Developer

Nov 2021 - Nov 2024

- Developed mobile applications using React Native, with a focus on data integration and user-friendly interfaces.
- Managed data collection, analysis, and API integration (GraphQL, REST) to ensure efficient data flow.
- Implemented dashboards and data-driven features to enhance decision-making and performance tracking.
- Collaborated with designers and backend teams for seamless app functionality and integration. Provided post-launch updates and maintenance to keep apps current with client needs.

Locator CJSC

Feb 2022 - Mar 2024
www.locator.am

Frontend Developer / Mobile Developer

- Implemented core features in the company's mobile app using React Native, focusing on improving app stability and functionality.
- Integrated real-time communication via WebSockets, enhancing live tracking capabilities and creating a smoother user experience
- Participated in code refactoring efforts, making the app more maintainable and scalable for future development.

Candy Wings CJSC

Feb 2022 - May 2022
www.candywings.am

Front End Developer

- Developed key front-end components for an e-commerce platform using React JS, with a focus on providing a user-friendly interface.
- Optimized API interactions and implemented performance enhancements, ensuring smooth and fast page load times.
- Worked closely with backend teams to ensure seamless data exchange between the client and server sides.

Tumo Center for Creative Technologies

Feb 2019 - May 2022
www.tumo.org

Programming & Robotics Workshop Leader

- Led workshops teaching programming and robotics to students, fostering a creative and engaging learning environment.
- Designed and implemented curriculum materials, guiding students in the completion of hands-on projects.
- Provided mentorship to students, helping them apply theoretical knowledge to practical challenges.

CERTIFICATION

"React JS" course Organized by ACA ***Certificate***

29 Feb 2022

EDUCATION

Masters degree / Faculty of Mechanical systems

National Polytechnic University of Armenia (2016 - 2018)

Bachelor degrees/Faculty of Radiophysics

Yerevan State University (2012 - 2016)

LANGUAGE

Armenian (Native) English (Advanced) Russian **(Advanced)**

ADDITIONAL EXPERIENCE

Locator CJSC

Jan 2017 - Feb 2022

www.locator.am

Technical Writer

- Authored and maintained comprehensive technical documentation, including API guides and troubleshooting manuals, for both internal and external use.
- Collaborated with development teams to ensure clear and accurate documentation was available for product launches.Collaborated on product development and authored technical documentation.
- Helped streamline the knowledge base, making it easier for users and teams to find relevant information.

LT-Pyrkal CJSC

Dec 2015 - Jan 2017

Electrical Engineer

- Developed and tested electrical systems for engineering projects.
- Resolved complex technical issues in collaboration with multidisciplinary teams.
- Conducted performance simulations and maintained technical documentation.

Technology & Science Dynamics CJSC

Jan 2014 - Nov 2016

R&D Engineer

- Developed and tested electrical systems for engineering projects.
- Resolved complex technical issues in collaboration with multidisciplinary teams.
- Conducted performance simulations and maintained technical documentation.
